You must print out your own certificate and bring it with you when you renew your card.

This list is provided for your convenience. The Tulare County Agricultural Commissioner makes no recommendation or certification of any of the above Continuing Education resources. Prior to signing up for an online class: Make sure it offers credit for the type of license you have and qualifies for CA Department of Pesticide Regulation continuing education. Other online classes will not count towards your license renewal.

Additional classes or to confirm that a class qualifies for your certificate/license type:
