

EXHIBIT: ACP CITRUS – T TRANSPORTER / HAULER

PROVISIONS FOR THE INTRASTATE MOVEMENT OF BULK CITRUS FRUIT FROM OR WITHIN AN ASIAN CITRUS PSYLLID BULK CITRUS REGIONAL QUARANTINE ZONE OR HUANGLONGBING DISEASE QUARANTINE AREA

Establishment agrees to the following:

1. Establishments Under Compliance

- a. Only transport shipments from a Grower/Grove Manager operating under compliance with the ACP or HLB Program.
- b. Only transport shipments to a Packer/Juicer/Other Processor operating under compliance with the Program.

Establishments operating under compliance can be verified online at:

https://www.cdfa.ca.gov/plant/acp/reg_establishments.html

2. Safeguarding

All shipments of citrus fruit shall be safeguarded the entire time while in transit, beginning before the vehicle departs the loading site and until it reaches final destination for offloading. Any screen mesh used as an ACP-proof barrier shall be 0.3 square millimeters (e.g. 0.547 x 0.547, or 0.5 x 0.6) or less in size. Approved safeguarding measures include the following:

- a. Citrus fruit is transported in a fully enclosed vehicle, or
- b. Transporting vehicles which have solid wall construction on sides and rear; a solid tarpaulin or ACP-proof barrier shall cover the top. The tarp or ACP-proof barriers shall be in good repair without tears or holes and be securely fastened to the solid walls of the truck, ensuring no gaps are present and in a manner that would prevent exposure to ACP or the loss of fruit, leaves, stems, branches, and plant debris while in transit, or
- c. Transporting vehicles constructed of wire mesh or expanded metal shall be completely covered with a solid tarp or ACP-proof barriers that extend down to the truck bed, ensuring no gaps are present. The tarp or ACP-proof barrier shall be in good repair without tears or holes and be securely fastened to the bed of the truck in a manner that would prevent exposure to ACP or the loss of fruit, leaves, stems, branches, and plant debris while in transit, or
- d. Transporting vehicles which have a flatbed trailer with field pallets or bins shall be entirely covered to the bed of the truck with a solid tarp or ACP-proof barrier. The tarp or screen mesh shall be in good repair without tears or holes and be securely fastened to the bed of the truck, ensuring no gaps are present around the bins, and in a manner that would prevent exposure to ACP or the loss of fruit, leaves, stems, branches, and plant debris while in transit, or
- e. Any other Program approved manner specified in the "Special Instructions."

3. Transporter Cleanliness

The vehicle and/or trailer used for transporting the shipment must be free of all leaf and stem debris and free of all life stages of ACP prior to transport and after delivery.

4. Evidence of Compliance

Place a copy of the compliance agreement, this exhibit, and the applicable "ACP-Free Declaration" or "HLB Pest Risk Mitigation" form in each transport vehicle.

5. Direct Route

Take the most continuous, direct route, without interruption to a Program approved receiver.

6. Green Waste Disposal

All green waste, including leaf and stem debris, must be continuously collected, safeguarded, and disposed of in accordance with the Program, local County Agricultural Commissioner, under QC Master Permit 1289 or 1337, or other Program approved manner.

7. Records

Maintain records of all ACP/HLB host shipments for a minimum of two years and make such records available to Program officials immediately upon request.

8. Training

Ensure all employees receive training to be compliant with all specifications of the compliance agreement and this exhibit.

9. Spill Notification

Notify the Program as soon as possible and no later than 24 hours after spillage of any shipment.

10. Vehicle Tracking System

List all truck and trailer license plates below. The Establishment shall update the Program immediately any time license plates are added, changed, or are no longer in use. If more space is needed, continue on back of this exhibit or attach pages as needed.

11. Violation

Violation of any terms of the compliance agreement or this exhibit shall result in the suspension of the compliance agreement until an investigation is completed and for a minimum period of two weeks.
