

# AGRICULTURAL CROP REPORT

## TULARE COUNTY

OFFICE OF  
TULARE COUNTY  
DEPARTMENT OF AGRICULTURE  
200 N. CHURCH ST.  
VISALIA, CALIFORNIA

To The Honorable Board Of Supervisors  
Tulare County

and

W. B. Parker, Director  
State Department of Agriculture

The Agricultural Code states, in Section 65.5: "The Commissioner shall compile reports of the condition, acreage, production and value of the agricultural products in his county. The Commissioner may publish such reports and shall transmit a copy thereof to the Director."

Insofar as possible the acreage represents "net planted," the values of all crops are f.o.b. basis not what the farmer received. It is intended that the returns shall mean income to Tulare County and thus include the cost of picking, hauling, packing and otherwise preparing for delivery at the point of packing.

We are indebted to the many individuals and organizations for their help and cooperation in making available to this department their records and information in the compilation of these data and wish to express our appreciation for this valuable help.

Oscar L. Hemphill  
Agricultural Commissioner
